SKILLS

Frontend, : React, NextJS, JavaScript, TailwindCSS
Backend: Python FastAPI, NodeJS, Express
Database: MongoDB, Mongoose, SQLite, SQLAlchemy
Scripting: Python Scripts, Shell Scripts
UI/UX Design: Figma, Affinity Design
Animation: SVG Animations, GSAP, Framer Motion

WORK EXPERIENCE

HNG Internship

Frontend/Backend Intern

Remote

Oct 2026 - Nov 2026

- Full-Stack Application Development (Ticketing System): Developed and implemented a full-stack client-based ticketing system in 3 different frontend frameworks (React, Vue and Twig)
- Backend API Development (FastAPI): Designed, developed, and implemented several RESTful APIs using FastAPI, focusing on efficient data handling and endpoint design for the application.
- Executed thorough testing of all API endpoints to ensure functional correctness, data integrity, and adherence to specified response formats.
- Successfully deployed the backend services to a live environment, demonstrating proficiency in deployment workflows.
- Frontend Component Development: Designed and built responsive user interface components, including a dynamic Profile Card, focusing on clean design principles built with HTML CSS and JavaScript.
- Gained practical experience in connecting disparate technologies (JavaScript frameworks, Python/FastAPI, templating engines) into a cohesive working system.

Khemsafe Computer and Communications LTD

Software Intern

Kaduna, Nigeria

Jan 2026 - Oct 2026

- Developed cross-platform mobile applications using Flutter, resulting in improved user engagement
- Implemented responsive UI/UX for mobile applications by utilizing Flutter widgets and state management solutions (e.g., Provider, Riverpod).
- Contributed to the full-stack development of features within an existing application using Dart and Flutter.
- Developed and maintained responsive user interfaces for web applications using HTML, CSS, and JavaScript
- Assisted in the development of backend functionalities by working with RESTful APIs and understanding database interactions.
- Wrote clean, efficient code in Dart/Flutter for the mobile front-end and utilized JavaScript/TypeScript for web interface components.
- Gained practical experience in the entire software development lifecycle by contributing to feature implementation across multiple technologies

PROJECTS

My Portfolio Website - *Html/CSS, JavaScript, SaSS, SVG Animations, GSAP*

<https://jaimz.is-a.dev/>

Website to showcase all the projects that i have built

Caleb Casemento Portfolio Site - *NextJS, Figma, Affinity Design, SVG Animation*

<https://caleb-caz.vercel.app/>

A clean, custom-designed portfolio website for a voice actor, optimized with SEO. This serves as a short description of a website I built and designed myself to use in my resume.

Lnnk Url Shortener - *NextJS, MongoDB, Mongoose, Zod, App Router*

<https://lnnk.click/>

A modern, minimalist URL shortener featuring instant redirection, automated QR code generation, and smooth interactive UI transitions

Simplr - *Chrome API, HTML/CSS, JavaScript*

<https://simplr-landing-page.vercel.app/>

Simplr is a Chrome extension that provides instant word definitions and AI-powered text simplification directly on any webpage without leaving your current tab..

BSc Computer Science

AirForce Institute of Technology

BSc Computer Science *GPA: 4.76*

Kaduna, Nigeria

Jan 2021 - Oct 2025
